HOT TOPICS IN HIV MANAGEMENT
YOU PICK THE CASE

THURSDAY, OCTOBER 5, 2017
Marriott Marquis San Diego Marina
Marriott Grand Ballroom Sections 1-6
Lobby Level, North Tower | San Diego, CA

5:30 PM – 6:00 PM
Registration and Dinner

6:00 PM – 8:00 PM
CME/CPE-certified Activity

REGISTER ONLINE!
VindicoCME.com/100517

Activity Chair
Paul E. Sax, MD
Clinical Director, Division of Infectious Diseases
Brigham and Women’s Hospital
Professor of Medicine
Harvard Medical School
Boston, MA

Faculty
Richard A. Elion, MD
Clinical Professor of Medicine
George Washington University School of Medicine
Co-Director
HIV/HCV Treatment and Research Program
Providence Hospital
Washington, DC

Joseph J. Eron, Jr., MD
Professor of Medicine
Division of Infectious Diseases
University of North Carolina at Chapel Hill
Chapel Hill, NC

Babafemi O. Taiwo, MBBS
Professor of Medicine
Chief, Division of Infectious Diseases
Northwestern University Feinberg School of Medicine
Chicago, IL

This continuing medical education activity is provided by:
VINDICO medical education

This continuing pharmacy education activity is provided by:
VINDICO pharmacy education

This activity is supported by an educational grant from:
ViiV Healthcare.

This activity is not affiliated with the official program of:
IDWeek 2017.

REGISTRATION IS LIMITED.
Overview
Antiretroviral therapy has improved dramatically over the past decade. This progress has yielded more treatment choices for clinicians and patients but also adds greater complexity to the already diverse field of HIV. Clinicians must keep up with new data on treatment strategies, selection of appropriate individualized therapy, and effective management of patient side effects. In this interactive, case-based program, expert faculty will convey how to incorporate new treatment strategies into clinical practice and discuss various aspects of HIV management, including selecting an initial antiretroviral regimen, modifying therapy in virologically suppressed patients, and selecting the optimal approach for those with treatment failure.

Learning Objectives
Upon successful completion of this activity, participants should be better able to:
• Apply updated evidence-based guidelines and recommendations when selecting initial treatment for patients with HIV.
• Select and optimize HIV treatment regimens based on clinical safety and efficacy, propensity for resistance, and patient characteristics.
• Consider patient preferences when selecting HIV treatment regimens to increase adherence and compliance to therapy.
• Implement effective switching strategies, which, in patients who are virologically suppressed, have become virologically resistant to therapy, or have become nonadherent.

Target Audience
The intended audience for this activity is infectious disease specialists, HIV treaters, pharmacists, and other health care professionals involved in the treatment of patients with HIV.

Agenda
5:30 pm – 6:00 pm
Registration and Dinner
6:00 pm – 6:10 pm
Introduction and Pretest
Paul E. Sax, MD
6:10 pm – 6:30 pm
What’s New in HIV Treatment: Finding the Best Options
Paul E. Sax, MD
6:30 pm – 6:45 pm
Choosing the Case
Richard A. Elion, MD
6:45 pm – 6:50 pm
Question and Answer

7:05 pm – 7:10 pm
What’s new in HIV treatment:
Joseph J. Eron, Jr., MD
6:30 pm – 6:45 pm
Determining the Most Appropriate Initial Treatment

7:10 pm – 7:25 pm
Managing Treatment - experienced HIV Patients with Virologic Failure
Joseph J. Eron, Jr., MD
7:25 pm – 7:45 pm
Determining the Most
Richard A. Elion, MD
7:45 pm – 8:00 pm
Question and Answer

7:05 pm – 7:10 pm
Posttest and Question

7:10 pm – 7:25 pm
Posttest and Question

7:30 pm – 7:45 pm
Panel Discussion

7:45 pm – 8:00 pm
Panel Discussion

8:00 pm
Meeting Adjournment

National Jewish Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

National Jewish Health designates this live activity for a maximum of 2.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Vindico Medical Education is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This program is acceptable for 2.0 contact hours of ACPE Continuing Education Credit. The ACPE Program Recognition Number is ACPE-0004-00-1760-F01. This is an application-based activity and as such is subject to verification of the participant's learning at the time the activity is completed.

This activity is intended for Infectious Disease specialists, HIV treaters, pharmacists, and other health care professionals involved in the treatment of patients with HIV.
